- National Institute for Environmental Studies
- Department of Environment and Natural Resources of the Philippines (**Local Host**)
- The University of the Philippines Los Banos (**Local Host**)

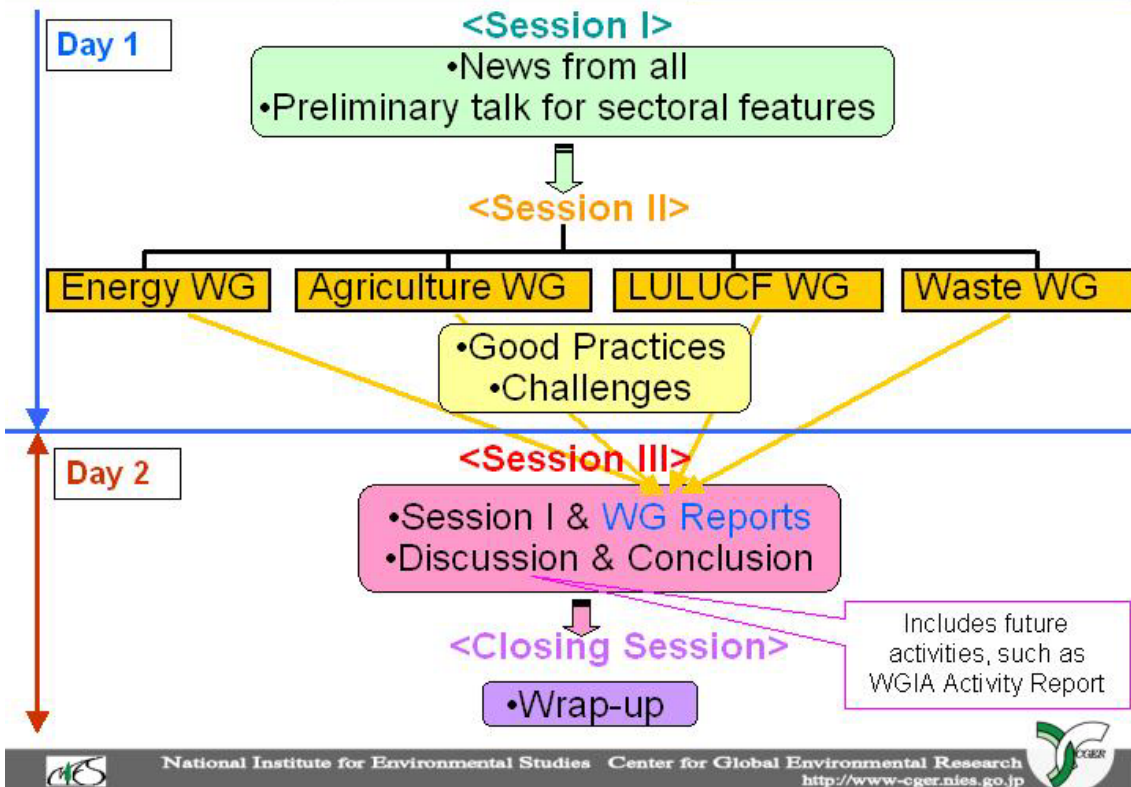

Participants

	No. of nations/ organisations	No. of participants
Asian countries	13 (2 are new!)	36
International organisation	1 (= UNFCCC Secretariat)	1

(As of February 17, 2006)

Goals

1. Updating each other on the status of GHG inventory development in Asia
2. Specifying the features of GHG inventory development, sector by sector
3. Finding steps to be followed after the 3rd WGIA

In the End...

- Updated information for the status of GHG inventory development in Asia
- Clear understanding of good practices and challenges related to the GHG inventory development of 4 sectors
- Common views and understanding for the subsequent activities of WGIAs

Thank you.
Let us make this workshop
fruitful!
