SEA GHG Project: Regional Capacity Building Project for Sustainable National GHG Inventory Management Systems in Southeast Asia

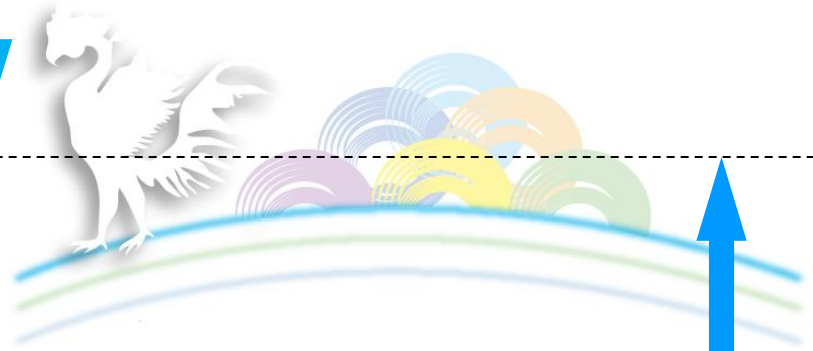

SWGA: Improvement of Solid Waste Management and Reduction of GHG Emission in Asia

WGIA8 Objectives

- Report on progress made by member countries since the WGIA7,
- Report of their latest inventories (to the extent possible),
- Discussions on future activities beyond the latest inventories,
- Exchange of MRV-related information, and
- Discussions on the sector-specific issues.

Workshop flow

Opening Session

- Reports from organizers and host country
- Reports from UNFCCC and IPCC

Session I: Progress since WGIA7 and Summary of the Latest Inventories

- Progress reports from Cambodia, China, India and Republic of Korea

Session II: Future Activities beyond the latest NCs

- Further improvement in data collection
- Proposals for new cooperative actions by WGIA participating countries

Hands-on Training Session: Mutual Learning for NCs

Reception

Session III: Working Group Discussions

- Working Groups: 1) Inventory, 2) Agriculture, 3) LULUCF and 4) Waste

Wrap-up Session

- Summary reports of Session I and II
- Summary reports of Hands-on training
- Summary reports from Working Group 1, 2, 3 and 4
- Discussion on future activities and wrap-up

Day 1

Day 2

Day 3
