Cooperation history with Viet Nam

- Aug. 2020: Viet Nam MONRE and MOEJ agreed on comprehensive cooperation for advancing transition towards decarbonisation in Viet Nam incl. developing LTS by utilising AIM
- Nov. 2021: PM Chính declared targeting carbon emission neutrality by 2050 at COP26
- Nov. 2021 (After COP26): Two ministers signed the Joint Cooperation Plan on Climate Change toward Carbon Neutrality by 2050
- Apr. 2021 – Mar. 2022: Conducted modeling works
- Mar. 2022: Submitted the final report to MONRE
- Apr. 2022: MONRE released their draft National Climate Change Strategy (NCCS) to donors, mentioned AIM's contribution to NCCS at the consultation workshop on NCCS
- Apr. 2021 – May 2022: 8 consultation meetings were held between Viet Nam and Japan
- Jul. 2022: NCCS was approved (Decision No. 896/QD-TTg)
- Jul. 2022 – Mar. 2023: Conducted on-line training sessions

Expected structure to support climate policy in Asian countries

Discussions at consultation meetings

1 st session	16 April 2021	AIM team shared data used and requested additional information
2 nd session	31 May 2021	AIM team presented analysis results on CO2 peak-out years
3 rd session	5 July 2021	AIM team presented updated analysis results on CO2 peak-out years / submitted draft report on analysis results on CO2 peak-out years
4 th session	30 July 2021	AIM team presented analysis results on technology-fixed scenario and countermeasure scenario / submitted report on analysis results on CO2 peak-out years
5 th session	1 December 2021	AIM team reported analysis results on 2050 CO2 net-zero
6 th session	21 December 2021	AIM team checked calculation conditions on 2050 GHG net-zero
7 th session	18 February 2022	AIM team reported analysis results on 2050 GHG net-zero
8 th session	13 May 2022	MONRE referred NCCS as “joint work” between Japan and Viet Nam / acknowledged Japan’s contribution

AIM Training sessions

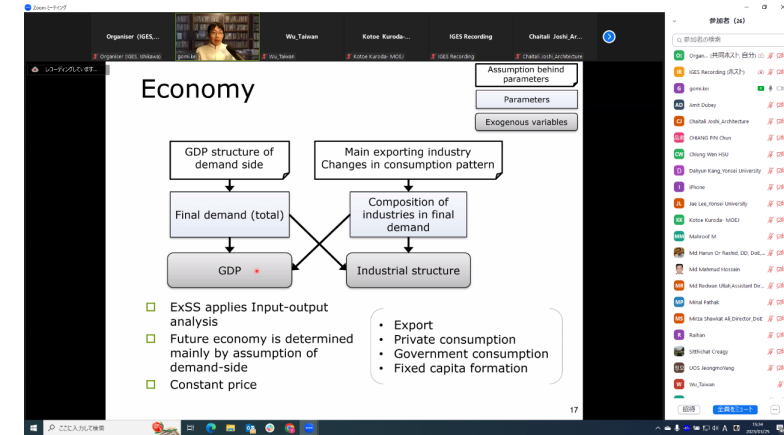

1. AIM training workshop (Short training course, 27-29 Sept. 2022, for beginners)

16 participants (Bhutan: 1, Cambodia: 7, India: 3, Indonesia: 2, Laos: 1, Mongolia: 1, Viet Nam: 1)

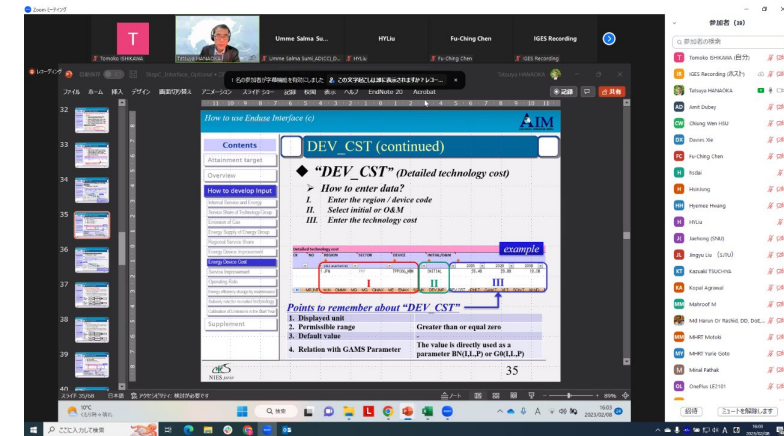

2. AIM/CGE training sessions (20 lectures, Jul.-Sept. 2022, for researchers (basic level)), organised by NIES

3. AIM/ExSS and AIM/Enduse training sessions (13 lectures – 2 AIM/ExSS sessions and 11 AIM/Enduse sessions, Jan.-Mar. 2023, for researchers (basic level))

56 registrations (Bangladesh: 6, China: 10, India: 6, Indonesia: 1, Korea: 8, Taiwan: 16, Thailand: 5, Viet Nam: 2, Japan: 1, Not stated: 1)

AIM/ExSS training session (25th/Jan., 26 participants)

AIM/Enduse training session (8th/Feb., 39 participants)

Networking and mutual learning opportunities

In November 2022, a side event, “Japan’s contributions towards a decarbonised and resilient Asia” was held at the COP27 Japan Pavilion.

Aside from reports from Asian researchers, the event introduced the ASEAN Climate Change Strategic Action Plan 2023-2030 (ACCSAP) to be developed by COP28, and discussed how AIM and ACCSAP can be linked.

We organised LoCARNet annual meetings to facilitate knowledge-sharing within the region. The 11th annual meeting will be held online in March 2023.

We plan to resume in-person meeting in FY2023 to facilitate lively knowledge-sharing and triangular cooperation.

COP27 side-event in Nov. 2022

Indonesia IPB and ITB team visited IGES in Jan. 2023

Thank you for your attention
